Dear Friends at Montgomery ALTCS Planning Firm,

When my mother, because of critical illness, suddenly found herself in need of financial help we did not know where to turn or what to do. We began to ask friends for suggestions and 5 of our friends recommended the same source they had turned to with great success. That source was Montgomery ALTCS Planning. We were as pleased with their great suggestion as our 5 friends.

There were some others who criticized our decision. They suggested we could do all the work applying my mother for ALTCS by ourselves and that we should not "hire" assistance. That was NOT a good suggestion.

We went for our first interview with Montgomery and by the time the interview was completed we knew we had made the correct decision. The people at Montgomery ALTCS Planning made the entire process so smooth and led us through with ease and assurance. The knowledge and experience of the Montgomery associates with the ALTC System gave us confidence that we were completing all the requirements for ALTCS correctly and effectively. When my mother was accepted by ALTCS, the Case Manager at ALTC told me the paperwork which had been submitted on my mother's behalf was the most complete and correct paperwork she had ever received. She said she receives paperwork from lawyers which have to be returned several times for corrections or additional information. Our paperwork was accepted as complete on the very first submission.

The total service rendered by the Montgomery firm continues on well past the acceptance of our application. The personnel are considerate, caring and always there for us with answers to all questions which continue to arise. Questions we have no idea how to handle. We appreciate the help and are so thankful for the complete knowledge Montgomery offers of the ALTC System.

We could not be happier with Montgomery ALTCS Planning and we thank each of you so much for making an incredibly stressful situation much easier for us. When people are going thru such overwhelming and personal times in their lives, it is wonderful to have professional people who are sensitive to your situation and who are so knowledgeable to "take care of you". We thank Montgomery ALTCS Planning for assisting us in meeting this personal family crisis with as little difficulty as possible.

Sincerely,

Brent and Louise Green
