After spending 5 months trying to have my wife admitted to the ALTCS plan and dealing with alot of mis-information I was at the end of my rope dealing with the system. Having found Carol and George was a god send. In just 2 months time they had the case wrapped up. Carol was very informative along the way and also helped me with my lack of patience. I would highly recommend their services and not to steal a quote but: "Don't go it alone". Many Thanks.
