

Thank you, Carol.

Happy to be working with your company again. I KNEW you would be there to help our family when I heard you speak at an Aging Seminar maybe 13 or 14 years ago? You gave our family so much relief when you helped us with our Mom, Mary. You continue to give us that same peace of mind now with our Dad.

I can honestly say I fully trusted you would do what you said when I first heard you speak and I've never doubted it since. It's the reason we have passed on your company name to so many others we've heard struggling with a similar situation as they ask themselves "What the heck do we do now?????" You provide the answer. I hope you look at your work as a true calling/vocation as we do.

I wanted to also add that our Dad very much appreciated your clear and concise explanations to him yesterday.

Just a message of thanks and appreciation from our whole family,
